Conference Information

Plenary Sessions: IASSID Academy of Education, Teaching & Research Speakers

Roy I. Brown, BSc, Dip Psych, PhD, is an Emeritus Professor at the University of Calgary and Flinders University. As a psychologist he has carried out teaching, research and practice. He has worked in clinical practice, and directed support and intervention programs in the UK, Canada and Australia. His research and practice have resulted in a wide range of books, chapters and articles. He has co-chaired the IASSID Quality of life Special Interest Research Group and is on the Board of Down Syndrome International.

Matthew P. Janicki, Ph.D. is a research associate professor at the University of Illinois at Chicago, and serves as director for technical assistance for the RRTC in Aging with Developmental Disabilities, Lifespan Health and Function. Former director for aging and special populations for the New York State Office for People with Developmental Disabilities, he currently co-chairs the U.S. National Task Group on Intellectual Disabilities and Dementia Practices. He has authored numerous books and articles and provides training worldwide.

Nancy S. Jokinen, MSW, PhD is an Assistant Professor at UNBC's School of Social Work who has extensive experience in community services for adults with an intellectual/developmental disability and their families. A past recipient of the Ontario Research Coalition of Research Institutes / Centres on Health and Aging Early Researcher Award, she is the lead investigator on a Canadian study investigating learning and information needs of caregivers of adults with intellectual disability and dementia.
